

Health. Justice. Hope.

## RE: Closure of South Puget Sound Offices

COVID-19 is a serious issue, especially for seniors. We are taking steps to protect our clients, employees and volunteers. Our LCS Northwest offices that are closed until further notice include Tacoma, Bremerton, Port Angeles and Forks.

We have many home and community based services that are working at or near capacity. Our dedicated employees are working regular hours. Many of our valuable volunteers are still helping us meet community needs.

Important information about South Puget Sound services during our office closures includes:

- Meal on Wheels and Home Care services based in Tacoma and Bremerton will continue to serve clients.
- Senior Companion volunteers are in contact with their clients.
- Senior Friends are providing companionship via telephone.
- Some of our RSVP volunteers are still working in the community, while others are on hold.
- Social Engagement activities (Zoo Walk, Cafe, Music Mends Minds) are on hold for now.
- Navy Respite is in contact with families.
- *Senior Scene* newspaper is still being published and distributed. *Where to Turn Guides* are still in production and accepting advertising.
- Clallam County Services are still working to provide basic resources. Please call that office directly at 360-452-5437 for more information.

Stay safe and please wash your hands regularly, try not to touch your face and practice social distancing. We are in this together.
